

Attention customers who rely on

ELECTRICALLY OPERATED PRIVATE WELLS FOR WATER

Does your home or business depend on an electrically operated private well for water? JCP&L maintains a list of customers with private wells. These customers are contacted by telephone if a power outage is expected to affect their electric service for more than 24 hours – in which case, they'll be advised of locations where water and ice are available. In addition, the list is provided to county and municipal Offices of Emergency Management.

There is no charge for this service.

To join JCP&L's Private Well Customer Service, please check here, complete the form on the back of this insert, and mail it along with your monthly bill payment.

If you no longer wish to participate in this service, or if you no longer have a private well, please check here, complete the form on the back of this insert, and mail it to us.

Customers who have previously signed up for this service are already on this list and do not need to contact us again.
